

OrangeHRM QA Project

This folder contains a manual focused on the Myinfo module of the OrangeHRM web application. It includes documentation of scenarios, detailed test case with execution results, and a validate bug report.

Files included:

1. OrangeHRM_Test_Scenarios.xlsx
 - Overview of what features and flows were tested.
2. OrangeHRM_Test_Cases_And_Execution.xlsx
 - Detailed test cases with execution result and status
3. OrangeHRM_Bug_Report.xlsx
 - Bug report, including steps, severity and screenshot.
4. Orange_HRM_Projct_Summary.pdf
 - Summary of the project scope, tools used, and testing technique

Note:

Manual functional testing was performed for this project. Testing techniques and approach are detailed in the Project Summary document.
